Thousands Have Kidney Trouble and Don't Know it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and $1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

IN THEIR MIDST

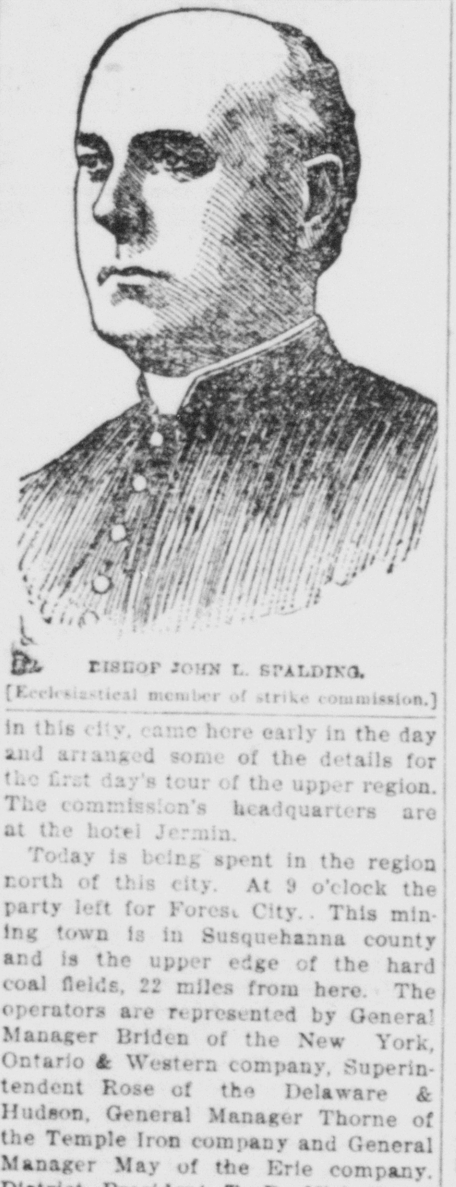
Strike Commissioners Seeing Just How the Miners Get Along.

AN UNDERGROUND TRIP

Today the Tour of the Anthracite Collieries Was Begun and Will Be Continued Daily.

Guarded By Experts the Members of Commission Explore the Depths.

Scranton, Pa., Oct. 30.—The anthracite coal strike commissioners, who will make an inspection of the mines and the homes of the mine workers, arrived here last night over the Central Railroad of New Jersey. Commissioner T. E. Watkins, whose home is in this city, came here early in the day and arranged some of the details for the first day's tour of the upper region. The commission's headquarters are at the hotel Jermin.



BISHOP JOHN L. SPALDING.

[Ecclesiastical member of strike commission.]

Today is being spent in the region north of this city. At 9 o'clock the party left for Forest City. This mining town is in Susquehanna county and is the upper edge of the hard coal fields, 22 miles from here. The operators are represented by General Manager Briden of the New York, Ontario & Western company, Superintendent Rose of the Delaware & Hudson, General Manager Thorne of the Temple Iron company and General Manager May of the Erie company. District President T. D. Nicholls of the miners' union is the principal representative of the miners. President Mitchell will not come to this city unless sent for. At Forest City the party was lowered into one of the Erie company's mines and the entire morning was spent underground. As a precaution against accident, a superintendent, fire boss or a practical miner accompanied each member of the party through the workings. If the programme for the day is not disarranged a coal breaker will be visited at Carbondale and then the return journey to Scranton will be made this evening. The commissioners will stop at Olyphant, six miles north of Scranton, for the purpose of visiting other collieries and to look at the homes and surroundings of the mine workers.

On Friday the commission will spend the day visiting collieries in and about the city of Scranton and viewing the mining suburbs. Saturday the commission will go to Wilkesbarre to further prosecute their investigations.

Mr. Watkins says that the commission will probably not sit to take testimony until after a tour of the region has been completed. It is possible, though, that a session will take place Monday in Wilkesbarre to receive the statement to be presented by President Mitchell of the mine workers, to which the operators have agreed to make answer within three days. It is almost certain that no testimony will be taken in this city this week.

For their sessions in the coal regions the commission is using the Baltimore & Ohio club car. This car is the only one of its kind in the country and is especially adapted for the accommodation of bodies traveling from place to place. It was fitted up for the Gridiron club's visit to the Lotus club dinner several years ago and subsequently was used by Admiral Dewey in his swing around the circle. In addition to the club car, the strike commission will have at its disposal a Pullman sleeper. The commission pays for both cars, having refused a tender of cars made by the railroads operating in the coal regions.

Fighting In Progress.

Willemstadt, Island of Curacao, Oct. 30.—News has been received here that the town of Carupanno, state of Bermudez, Venezuela, was attacked by revolutionary forces Sunday and Monday of this week. After a hard fight with the government soldiers, in which the rebels lost one cannon and had a number of men killed and wounded, they retreated. The government accuses the revolutionists of having burned 43 houses in Carupano. These charges are denied by the revolutionists, who say that the houses in question were burned as a result of the fighting.

A GOOD GUESSER

Gov. Durbin Places His Estimate On Coming Majority.

Indianapolis, Oct. 30.—Gov. Durbin has at last made a forecast. The state, he says, will go Republican by 18,000 or 20,000 at least and by more if the Republicans succeed in getting out their vote. And all who know the governor will concede that he is pretty good at sizing up a political situation. He has been making speeches in different parts of Indiana and is therefore in position to predict with a show of accuracy. The governor says that ordinarily he does not urge people not to vote, but if the Democratic farmers can't see their way clear to vote the Republican ticket this time, he believes the next best thing for them is to remain away from the polls. Just before he made the estimate given here he said that a Democratic farmer he had never met before told him that he was so well pleased with the general conditions that he didn't see how he could afford to vote for a change. There are hundreds just like him, the governor declared, who will not support the Democratic ticket as usual next Tuesday. The governor has an interest in the campaign, as his administration is standing for indorsement. It is a certainty now that it will be heartily indorsed.

Crawford Fairbanks, the Terre Haute millionaire, who was in Indianapolis last night for a short time, partially confirmed the report that an attempt is being made to organize a coal trust in Indiana. He says that options have been taken on a majority of the mines, but he is not certain that a merger can be effected. He does not divulge the names of the promoters, but he says they are prominent eastern men. Efforts have been made several times within the last two years to merge the coal properties but they have fallen through generally because the underwriters did not care to spend as much money as the operators demanded. If the attempt is carried further this time the state officials may take a hand to see that the anti-trust laws are not violated. The people are paying such high prices for coal now that any combination to control the market is liable to have a rough road.

The resignation of A. T. Hert as superintendent of the Indiana reformatory at Jeffersonville is of considerable interest to politicians owing to the prominent part he has taken politically. Regardless of the fact that there was legislative investigation during the last legislature Hert was a great help to the institution in that he brought about many needed reforms. Perhaps the most interesting thing politically about the resignation of Hert and the appointment of J. P. Byers of Columbus, O., as his successor is that the board acted without the knowledge of Gov. Durbin, a fact that the latter does not appreciate. Most politicians of both sides think the board should have given the place to some Indiana man.

Fassett A. Cotton, the Republican candidate for state superintendent, has been completely vindicated in the eyes of the general public of the charges made by the press bureau of the Democratic state committee that he had accepted a bribe of Scott, Frowers & Co. on promise of having their artihmetic adopted by the state board of education. E. H. Scott, head of the firm, says the story is wholly without foundation. The story was never believed by any one who knows Cotton, but his friends are unwilling that he should bear the odium of it, so it is very likely that at the end of the campaign he will bring suits for criminal libel in order to have the matter set right before the public.

When the Cornice Fell.

Kansas City, Oct. 30.—John F. Livers, a prominent building contractor of this city, aged 40, was killed, William H. Ennis, a carpenter, was badly injured and John Taylor, a negro, was painfully bruised yesterday by a brick cornice weighing a ton, which fell from the seventh floor of the Rock Island Implement company's building in the West bottoms. The cornice had just been finished and put in place to repair the damage done by a recent fire.

Both Sentenced.

Portland, Or., Oct. 30.—William Baldwin and his son George were sentenced to serve two years and one year, respectively, in the penitentiary yesterday, the father for aiding and abetting and the son for striking the blow in a prize fight that killed Frank Carlson. Frank Carlson and George Baldwin had trouble over two girls and decided to settle their differences in the ring.

Dashed Sister's Honeymoon.

Plano, Tex., Oct. 30.—Jacob Holmes was yesterday shot and killed by Riley Hauswright, aged 20, who surrendered. Holmes was married to Hauswright's sister Tuesday and returned to the home of his wife's mother that night. Yesterday his brother-in-law, who was opposed to the marriage, shot him three times, causing instant death.

Three Children Burned.

Guthrie, Okla., Oct. 30.—Mrs. Samuel Crowder, wife of a negro railroad laborer, locked their three children, two girls and a boy, aged 5, 7 and 10 years, in the house and went out for the day. The children set fire to the place and were burned to death.

Pavey Acquitted.

Salem, Ind., Oct. 30.—Samuel Pavey, who has been on trial for a week for the murder of John Davis, las August, was acquitted of the charge by a jury.

BROKE THE RECORD

More Presidential Postmasters Appointed This Year Than Ever Before.

AN INTERESTING REPORT

Fourth Assistant Postmaster General Gives a Resume of Year's Doings In That Department.

Slight Increase In Removal of Postmasters During the Year "For Cause."

Washington, Oct. 30.—A total of 2,370 presidential postmasters were appointed last year, according to the annual report of J. L. Bristow, fourth assistant postmaster-general, just issued. This is the largest number appointed in any one year in the history of the postal service. The increase was due mainly to the expiration of commissions during the year and the advance of many fourth-class offices to the presidential grade. The total number of appointments of postmasters of all classes was 16,970, an increase of 1,313. There was a slight increase in the number of removals of postmasters "for cause" as a result of a more strict discipline for carelessness and irregularities. There were 3,038 postoffices established and 4,059 discontinued, the latter attributable mostly to the extension of the rural free delivery system and the consolidation of postoffices adjacent to large presidential offices. The number of postoffices in the United States June 30 was 75,924, of which 220 were first-class, 1,023 second-class, 3,488 third-class and 71,193 fourth-class.

The report shows that burglaries of postoffices and the robberies of mail boxes are on the increase. Arrests and convictions for all offenses have materially increased. There were 1,746 robberies of postoffices, 11 robberies of mail trains, 16 of mail messengers, star route carriers and wagons and 465 of letter boxes.

Of the total of 1,721 persons arrested for violating postal laws, 304 were connected with the postal service, including 112 postmasters.

NEW WHITE HOUSE

Executive Mansion Again Ready For Occupancy.

Washington, Oct. 30.—The new executive offices of the white house are practically ready for occupancy and the official quarters of the president will be moved early next week from the temporary white house on Jackson place to the new buildings, adjoining the white house. The removal will take place during the absence of the president at Oyster Bay, where he will go to vote.

Mrs. Roosevelt is expected to arrive in Washington from Oyster Bay next Tuesday, and it is hoped that the repairs of the white house may be so far advanced by that time as to admit of the occupation by the president's family at least of the living rooms of the mansion. It will be several weeks before the remodeled white house, as a whole, will be ready for occupancy.

President's Southern Trip.

Washington, Oct. 30. — President Roosevelt will make a trip through part of the south next month if official business should not make his presence in Washington necessary at that time. The trip will be made about the middle of the month, the primary object of it being to enable the president to attend the reception to be tendered by the citizens of Memphis to Gen. Luke Wright, vice-governor of the Philippines. Subsequently, it is expected, that the president will accept an invitation to participate in a bear hunt in the canebrakes of Mississippi. He may embrace the opportunity while in the south to visit the Tuskegee institute at Tuskegee, Ala., of which Booker T. Washington is president.

Gov. Yates Quite Ill.

Springfield, Ill., Oct. 30.—Dr. L. C. Taylor, attending physician to Gov. Yates, announces that his patient has a well developed case of typhoid fever. Gov. Yates has been ill in the executive mansion for the past four days, and his ailment is due to strenuous campaign work in southern Illinois during the past two weeks. Dr. Taylor announces that there is no cause for immediate anxiety, but says it will be at least four weeks before the governor will be able to leave his bed.

In Favor of Harmony.

Norfolk, Va., Oct. 30.—John A. Morgan, a leader of the straigntout Democratic party in Norfolk county, which faction has been fighting the organization of fusionists for several years, blew out his brains yesterday. On a table was a note which stated that it had been said that his death would smooth the waters of county politics, and if such was the case, it could be shown now.

Guatemalan Volcano.

Mexico City, Oct. 30.—Reports received from the southern part of the republic show that it is now generally believed the clouds of ashes covering that part of the country come from Santa Maria volcano in full eruption. The mountain is in Guatemala close to the Mexican frontier.

NOT LOOKING FOR IT

Gen. Uribe-Uribe Was Surprised By Government Reinforcements.

Colon, Colombia, Oct. 30.—Further news has reached here of the engagement Oct. 24 at Rio Frio, near La Cienaga, which resulted in the surrender of the revolutionary generals, Uribe-Uribe and Castillo, together with 10 cannon, 2,500 rifles and considerable ammunition. The government general, Marjarres, reached Rio Frio with reinforcements of 2,000 men. These troops were destined for the isthmus and their arrival at Rio Frio was unexpected. The government forces already before the rebel position, in conjunction with the men of Marjarres' command, managed to surround the enemy completely, and after a well contested engagement, to force them to surrender. Four hundred revolutionists are reported to have been killed. The dead were left unburied.

According to the terms of capitulation Gen. Uribe-Uribe undertakes to bring about the surrender of all revolutionary bands now in the departments of Magdalena and Bolivar. He goes to Bogota to confer with the Colombian government to this end.

Rare Treasures.

Philadelphia, Oct. 30.—Prof. Herman V. Hilprecht, head of the archaeological department of the University of Pennsylvania, during the course of a lecture yesterday announced for the first time that the university is now in possession of the richest collection of Babylonian antiquities in the world. Prof. Hilprecht stated that the sultan of Turkey, in recognition of services rendered by him to the imperial museum of Constantinople, had presented him with the collection, which he has placed in the university museum. The collection, the professor said, is superior to that of the British museum.

A Woman Murdered.

Reading, Mass., Oct. 30.—A huntsman's dog found the body of a murdered woman just off the well traveled highway near the Wakefield line yesterday. The victim has not been identified. The body was still warm when found, and with six wounds in the head, five of them from pistol bullets, while the sixth, which had gashed the left ear and plunged deep into the neck, had been made by some sharp instrument. There was every indication that the murder itself had been committed elsewhere and that the body had been taken from a wagon and dragged into the field where it was found.

Now Out of Jail.

Kansas City, Oct. 30.—Samuel C. Peden, former judge of the county court of St. Joseph county, Mo., who has been in jail at Maryville since May, 1901, for contempt of court in refusing to order a tax levy to pay bonds pledged in 1879 for the Tebo & Neosho railway, was yesterday ordered released by Judge John F. Phillips of the United States district court in this city.

STATE NEWS NOTES

NO WHITECAPS FOUND

Monroe County Grand Jury's Unsuccessful Attempt In Locating Parties Responsible For Outrages.

No Person Could Be Found Who Could Throw Any Light On the Subject.

Bloomington, Ind., Oct. 30. — The Monroe county grand jury has adjourned after a two-weeks' session. An investigation was made of reports of alleged whitecapping in this county, but no indictments were returned. A number of witnesses were called from the section where the reports originated, but it is stated that no information was secured to prove that there had been any whitecapping.

When the grand jury convened Judge Martin took special care to instruct the grand jury as to such reports. He said there had been published statements and there were rumors on the streets that whitecapping had occurred in Monroe county quite recently, and he desired that the grand jury give the matter a thorough investigation. A number of witnesses were called from different localities where the reports had originated, but so far as could be ascertained no evidence was secured to sustain the charge that there had been whitecapping, much less any information to convict any one connected with such a crime.

It is said that the reported whitecapping of Henry Demming in the north part of the county, which is alleged to have occurred several months ago, could not be substantiated in any way, and that well-known citizens of that neighborhood testified that to their belief Demming was mentally unbalanced and that the whitecapping was merely a matter of imagination with him.

WOMEN TAKE A HAND

A Real Moral Cleaning Is Promised For Kokomo.

Kokomo, Ind., Oct. 30.—Fifty-five Kokomo women have pledged their financial and moral support to a movement to suppress vice. A trained worker in the slums of the larger cities will be employed, who will direct the work here. The principal effort will be against the gambling houses and dens of vice, which the women say are flourishing. Mrs. Esther Pritchard, who is at the head of the movement, said that the women had found that the officers would not enforce the law, and that they had resolved to do it themselves.

Forty Warrants Issued.

Noblesville, Ind., Oct. 30.—The announcements a few weeks ago by the Anti-Saloon league that it would begin a war on the saloons in this city was fulfilled yesterday when 40 warrants were issued for various violations of the liquor law. The league has notified the authorities that it has sufficient information to cause 100 more warrants to be issued, and that it intends to prosecute each case vigorously.

Vigorous Crusade.

Indianapolis, Oct. 30.—The Indiana Anti-Saloon league, Indianapolis temperance people and Indianapolis ministers have laid out the Indianapolis anti-saloon campaign for the next six months. Working together, in close organization, they expect to cover the residence wards with blanket remonstrances and close the 99 saloons in those wards as soon as their licenses expire.

Found In Los Angeles.

Evansville, Ind., Oct. 30.—Edward Stroebel of Evansville has been arrested at Los Angeles, Cal. He was local agent of the Evansville Brewing association and handled considerable funds. He disappeared about two months ago, when it was discovered that he was short about $800. He admitted his identity and will be held at Los Angeles pending the arrival of an Indiana officer.

Charged With Bribery.

Bloomington, Ind., Oct. 30.—Walter Clark, trustee of Salt Creek township, has been indicted on a bribery charge. It is claimed that he attempted to sell a farm to William Stephens, and part of the consideration was that Stephens should have a school. Clark is a farmer and 70 years old. He says the farm trade had nothing to do with a school.

Deadly Explosion.

Montpelier, Ind., Oct. 30.—J. C. Klingensmith, an engineer, while lighting the fire under one of the boilers at the pumping station of the Standard Oil company, was fatally injured by a gas explosion. The door blew off, striking him in the head and fracturing his skull.

Boy and a Gun.

Richmond, Ind., Oct. 30.—Dwight Russell of Centerville, 10 years old, was accidentally shot by his playmate, George Omalia, who had an "unloaded" revolver. The ball struck in the hip and ranged downward.

FOUND HIS DAUGHTERS

Prof. Wills Comes to the End of Long Search.

St. Louis, Oct. 30.—After a search that has extended over three states and lasted for nearly three years, Henry M. Wills, a professor at the National University, Washington, D. C., has located his two little daughters in the Methodist orphan home here. Prof. Wills applied for a writ of habeas corpus, asking that the children be restored to him.

In 1899 the parents were divorced and the mother took the little girls to Tennessee from their former home in Indiana. Wills claims he filed an application in the circuit court of Gibson county, Tenn., asking for the custody of the children, but that they were removed from the state. In the meantime Mrs. Wills had remarried in Kentucky. Last August the two children were placed in the home here and the father learned of their whereabouts only a few days ago, after a constant search.

Judge Fisher of the circuit court granted the application for the writ of habeas corpus and it was issued yesterday, being returnable today.

BLIGHTED HOPES

Man Who Wanted Rich and Lovely Woman Gets Fooled.

Chicago, Oct. 30.—Expecting to meet a "rich and lovely woman who wanted a kind husband," John Valentine Kaiser came from Festus, Mo., to Chicago yesterday. He had been corresponding with the "rich and lovely," whose name was supposed to be Mary Martin, and says he had paid $6 to secure an introduction. When he went to the address given by Mary, 299 Wells street, instead of finding the residence of his bride to be he discovered a saloon.

Kaiser told his troubles at police headquarters and the result was a search of the premises in Wells street and the arrest of Jacob Strosser, who was found in the basement of the saloon writing letters, which, the police say, were similar to those received by Kaiser and signed Mary Martin. A number of these letters were secured as evidence. Strosser is charged with obtaining money by means of a confidence game.

Quick Justice.

Aitken, Minn., Oct. 30.—Swift justice has been meted out to O. G. Olsen, who killed his daughter with a butcherknife Tuesday, Oct. 21. He was placed on trial Tuesday. The case was given to the jury at 6 o'clock last night and at 9:30 the jury returned a verdict of guilty of murder in the first degree and recommended him to the mercy of the court. He will be sentenced today. Olsen killed his daughter because she was going to be married against his will.

DON'T LISTEN

To what people say when they would discourage your hope of exchanging womanly weakness and sickness for perfect health. Women who have been invalids for years, scarcely able to be up half the time, and the other half of their time spent in bed, have been made healthy, hearty women by the use of Doctor Pierce's Favorite Prescription. It cures the womanly diseases which undermine the strength. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"With pleasure I send a few lines to let you know that I feel much better than for eight years before taking your 'Favorite Prescription,'" writes Mrs. Pierce Geise, of 822 West Philadelphia Street, York, Penn'a. "Will recommend Dr. Pierce's medicine to every person who may inquire as to what it has done for me. I was troubled with female weakness and began to think I would never be well. If I had continued the treatment prescribed by my doctor I don't know what would have become of me. When your treatment was commenced my weight was 108 lbs.; at present it is 130. Have healthy color and my friends say I look well. My best thanks to you and my best wishes too, for what you have done for me."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

"HOLD fast that which is good" is the political text of Governor Durbin.

A FULL republican vote on November 4th means two years more of the full dinner pail.

THE history of republican administration in Indiana has been a record of honesty, economy and debt reduction. Vote your endorsement of a business administration on November 4th.

THE Brownstown Banner is somewhat "panicky" in its issue of this week. The burden of its appeal is for democrats to lay aside their own welfare and the welfare of their neighbors and taxpayers generally and vote for democrats because they are democrats. Great argument that is to put before intelligent voters.

DURING the two Cleveland administrations the democratic party made no attempt whatever to regulate or control trusts. The contention that it would do so now, if intrusted with power, is equivalent to a claim that the party is wiser and better than it was a dozen years ago. Does anybody believe that?—Journal.

EVERY man in the county who has come in contact with Sim Hudson or his record know that as prosecuting attorney he is a flat failure. He has been tried for nearly a year and what has he done? Nothing. He has been tried in the work of drawing indictments and in the trial of state cases and in both he has shown himself a failure. Why should any one vote for him? He has done nothing to commend himself to the people as a prosecuting attorney. His own party knows that he is a failure and tried to get rid of him. Hundreds of Jackson county democrats have said that he has proved himself unfit for the office and if the republicans would put up a good man they would support him. The republicans have put forward a good man in the person of John M. Lewis, a thoroughly capable lawyer, active and energetic, a man whose integrity is unchallenged, a man who will make an ideal prosecutor. Can any voter, knowing Sim Hudson's incompetency as demonstrated in court, vote for him with a clear conscience? The office of prosecuting attorney is too important to put into incompetent hands.

DIED.

PARKER—Thomas C Parker died at his home on South Poplar street at 1 o'clock Wednesday night in the 77th year of his age. He had been in declining health for several months and unable to fill his accustomed place at the woolen mill. Mr. Parker was born at Azalia in July 1826 and moved from there to Columbus in 1866 and there engaged in business. From there he came to Seymour more than twenty years ago. For many years he had been a trusted employe in the shipping department at the woolen mill. Mr. Parker was an exemplary citizen and had a host of friends. A wife and four children survive him

Funeral services Saturday morning at the residence from 7:30 to 8 o'clock. Burial at Azalia

The A. B. Club Entertained.

The Kaffee Klatch very prettily entertained the A. B. Club Wednesday at a luncheon, given at the home of Miss Louise Casey on North Chestnut street. The parlors were beautifully decorated in palms, ferns, yellow and white crysanthemums and clematis. Green and white alone were used in the decorations of the dining room. Here suspended from the chandelier, was a basket filled with crysanthemums from which white satin ribbons were draped to a candelabra at either end of the long table. In the center, a tall cut-glass vase held white crysanthemums. The name cards were dainty and artistic, being heads done in water colors. At each plate were found cards containing conundrums arranged in bits of poetry, which were guessed between the courses. Mrs. Boake of Oklahoma was also a guest of the club.

Met and Organized.

A goodly number of the promoters of the proposed electric line from Columbus met here and organized by electing officers. The directors are Morton Hall, M. O. Reeves, W. H. Shields, W. P. Masters, John B. Burrell, John Stratton and John T. Stout. The officers are John B. Burrell, president, W. P. Masters, secretary, C. E. Wood, treasurer. Committees were appointed to further the preliminary work. Another meeting will be held here Nov. 10. The plan seems to be to first build to Brownstown and then on to French Lick.

Farm House Burned.

The farm residence of John F. Terrell, near Surprise, took fire about 2 o'clock Wednesday night and burned to the ground. As the family was away from home at the time the contents of the house were also consumed. No insurance was carried on the house. Loss about $700.

Emil Aufderheide went down to Scottsburg today.

Mrs. W. F. Peter went to Cincinnati today to visit her sister, Mrs Cavalle.

BUSINESS NOTES.

Sheriff Ford drove up last evening on official business.

R. S. Feurtado made a business trip to Madison today.

A. D. Eldridge made a business trip to Brownstown today.

R. E. Coleman made his regular weekly trip to Crothersville today.

Harry M. Miller and George Schwab are having their residences repainted.

Charles Arbuckle, of near Commisky, was in town today on business.

W. H. Bower of Kurtz, went west on No. 7 this morning to look after some timber.

Oscar Allen of Brownstown, returned today from a business trip to New Albany.

J. W. Cook, merchant at Westport, was in town this morning on business with the John C. Groub company.

David Montgomery brought in several dozen chickens today and sold them to C. J. Leidorf.

Sylvester Clark, of Columbus, who has assisted in moving the old B. & O. freight depot to its present location, returned home this morning.

RAILROAD RUMBLINGS.

Ira Gilbert, formerly of this place, but who is now running trains in Colorado, came here last evening to see friends.

Carl Peter, B. & O. S-W. telegraph operator at Flora, Illinois, came in this morning on No 4 and retuned on No. 1.

Engineer Elijah Gowdy was here from Washington this week looking after his property. He has decided to retire from the railroad after forty years of service.

The Baltimore & Ohio Southwestern railroad is running some unusually heavy freights through here. One Tuesday morning one contained fifty loaded cars and a number of empties.

At a meeting of the executive officers of Western and Southwestern railways held in St. Louis in response to the call issued by James V. Mahoney, chairman of the Western trunk lines committee, the old agreement as to the issuance of passes to the officials and employes of the companies interested was practically reaffirmed.

Holiness Revival Services.

Rev. E. A. Fergerson preached to a crowded house last night and awful conviction was written on the countenances of the people. His text was found in Luke, 16 chapter, 23d verse: "In hell he lifted up his eyes being in torments." The Holy Ghost had his way with this humble servant of God and enabled him to paint a picture in the minds of the hearers, of a real hell where lost souls will be tormented day and night forever. Throughout the services, one only needed to look into his face to know he carried in his own heart a burden for a lost world. Oh that God will send out a multitude of such preachers who will dare to declare the whole counsel of God. Bro. Fergerson makes no apologies for the truths of the old Book, but does as God sent messengers are commended to do, cries aloud and spares not and lifts up a standard for the people. Every service has been fruitful, many souls have found Jesus as their Savior or sanctifier. Let all who love the cause of righteousness join us in these service. Every afternoon at 2:30 and evening at 7:30. Come.

BORN.

To Charles Schmitt and wife, Thursday, October 30, a daughter.

Mrs. Sarah Weddle who has visited friends here, returned to Weddleville today.

Mrs. Greger, of Brownstown, came here from Louisville this morning and is stopping with her sister, Mrs. Mike Burkart.

Mrs. Linder left this morning for Columbus where she will keep house for her son Oscar Price who is employed in the Panhandle freight office.

THE CRIME OF '92 MUST NOT BE COMMITTED AGAIN.

"Get out and vote." This may well be the war cry of Indiana Republicanism from now until the hour comes for closing the polls on Tuesday, Nov. 4. Let there be no repetition of the crime of '92, when through the indifference and inaction of Republicans the country was sentenced to a quadrennium which had for its symbol the soup house.

NO REPUBLICAN CAN SHIFT HIS PERSONAL RESPONSIBILITY FOR THE RESULT OF THE COMING ELECTION—AN ELECTION OF SPECIAL IMPORTANCE TO INDIANIANS, BECAUSE THE PRESTIGE OF THE STATE IN THE SENATE AND THE HOUSE OF REPRESENTATIVES IS AT STAKE. It takes ten times as much effort to regain lost ground as it does to hold territory already captured. The Republican who fails to exert himself this year will find the work necessary to be done in the next national campaign immeasurably increased by the results of his shortcoming this year.

No Republican's responsibility ends with his casting his own ballot on Nov. 4. Upon him rests the duty of seeing that his neighbor does likewise. Here is a juncture in which every Republican is his brother's keeper.

To win a great victory at the polls this year it is only necessary for the full Republican vote to be cast. In order that the full Republican vote be cast it is absolutely necessary that from now on Republicans of the rank and file, who are final determinants of party success or failure, not only arouse themselves from that sense of security which, uninterrupted, would mean defeat, but impress upon their neighbors the importance, the necessity, of following a similar course.

GET OUT AND VOTE. MORE THAN THAT, GET OUT THE VOTE.

INDIANA DEMOCRATIC ORGANIZATION IN HANDS OF TRIMMERS.

The truth is that the element in the Indiana Democracy that is loyal to the Chicago and Kansas City platforms, and this means nine-tenths of the rank and file, has nothing to gain, and, indeed, has much to lose, by the success of the reorganizers who have gained control of the party machinery in this state. Mr. Bryan knows, and his followers know, that the success of the Indiana reorganizers would be taken as an indorsement of the Hill presidential boom, for which Mr. Taggart, indorsed by the Democratic state convention for national chairman, has the Indiana rights. No longer ago than 1894 Mr. Hill was denounced in the Indiana Democratic state platform for having "betrayed" the party by standing in the way of the Wilson bill, and it is not at all likely that the Indiana Democrats who supported Mr. Bryan from honest conviction, will care to be tied to the tail-gate of Mr. Hill's bandwagon, now that he has ceased to be a "very still" Democrat, and is seeking support from those he refused to support in former campaigns. A question worthy of discussion is whether Democrats who sincerely believe in what the last two national platforms of the party stood for, and who are not merely political opportunists willing to support any old thing which promises party success, care to assist the reorganizers in making a showing which would be a source of strength to them in regaining control of the party machinery next year.

THE VITAL ERROR OF DEMOCRATIC LEADERSHIP.

By Secretary of the Treasury Leslie M. Shaw.

Democratic leadership brought the proposition to the people in 1892 that the tariff was a tax. Gen. Harrison gave the warning at that time that there is such a thing as having goods too cheap, but the people would not heed, and we had cheap goods. Do you want cheap goods again? It is too early to repeat those conditions. They said in 1892, "You are overtaxed." I remember very well the pictures they used to get out, following a man from the cradle to the grave, having him put on taxed clothes in the morning, eat a taxed breakfast out of taxed dishes, and so on through the gamut of existence. Then the country was turned over to our Democratic friends. Will you pardon me if I say that the result was not what they promised? There were many instances where men sorrowed for their mistake. One man out in my country who voted for free wool admitted that he got within 5 cents of it.

I HAVE ONE CRITICISM TO MAKE THAT I ALWAYS MAKE. IT SEEMS TO ME, MY DEMOCRATIC FRIENDS, THAT YOUR POLITICAL LEADERS HAVE SPENT TIME TRYING TO FIND ISSUES ON WHICH TO WIN A CAMPAIGN RATHER THAN IN FORMULATING POLICIES FOR THE MANAGEMENT OF THE GOVERNMENT AFTER THEY SHOULD WIN.

THE DANGER THAT LURKS IN A DEMOCRATIC HOUSE OF REPRESENTATIVES

By Senator Marcus A. Hanna.

If there is any danger in this campaign in Indiana or in the United States, it is because the people are too well satisfied with their environment; too apt to be apathetic; too apt to forget their duty. Therefore, I say, if I have any work to do in this campaign, it is not only to admonish the boys to stand pat, but to admonish every Republican who has any interest at stake to realize the responsibility that rests upon him and him only. This responsibility, which so affects our well being, good government and good morals, is a responsibility that cannot be divided. Your neighbor's shoulders are not broad enough to help you. Therefore let us realize our responsibility.

Change that house of representatives and give over the control of that body to the Democratic party, and what will follow? I will wait, you will wait, to see the affect of it. Every man who is engaged in any enterprise or business will wait to see how that change will affect his interest, what will be the effect on the money market? That waiting will slow down the wheels of industry, and the waiting will continue just as long as that house is Democratc. Therefore, people of Indiana, take warning and don't indulge in the fallacy that it would make but little difference to your conditions if that result should follow.

LOOK OUT FOR LAST HOUR ROORBACKS!

It appears that republicans should be prepared for almost any sort of last-moment campaigning on the part of Indiana Democratic leadership this year. Within the past few days there has been circulated through the Democratic press of the state an article reflecting on the personal character of Fassett A. Cotton, Republican candidate for superintendent of public instruction. A charge of personal dishonesty is based on an alleged interview with Mr. D. M. Geeting, former state superintendent of public instruction, who is quoted as giving tacit recognition of the truth of the charges made. Mr. Geeting indignantly denies that he gave out any such impression, or that there is the slightest truth in the allegations made, and every party referred to in the article denounces the slander as an infamous effort to besmirch the character, not only of a candidate for office, but of one, who in all probability, will soon be brought into intimate relations with the public school system of the state. That an indecent assault of this character should be made in the closing days of a campaign, without other provocation or justification than party expediency, and so utterly outside the pale of decent politics and common honesty that even the Democratic state organ has abstained from using the story, is a cause for resentment, not merely on the part of Republicans, but of those who believe that mudslinging ought not be part of the stock in trade of party management. This attack is, however, a consistent culmination for a campaign in which those making it have been laboring under the disadvantage of being without a leader and without either a policy or an issue, and have been driven to such extremities in the effort to make out a case in the face of adverse public opinion.

A MONTH OF STORMS.

Forecaster Hicks Announces the Weather for November.

Rev. Irl Hicks, the weather prophet, gives little cheer to mankind in his November prognostications. He thus prophecies:

The first storm movements for this month will be central on the third and fourth. On and touching these days a rise in temperature, falling barometer, cloudiness and rain will pass eastwardly from western extremes to the Atlantic The western and northern sides of this and all storm areas at this season will most likely turn to snow, and as the high barometer pushes in from the northwest behind the storms, high, cold winds and freezing clearing weather will succeed. As a rule the cold, clearing weather begins in the northwest before the storm areas reach central and eastern extremes of the country. Actual storms of rain and snow, as well as the warm, fair weather before, and the cold, fair weather behind them, always pass like great trains, from west to east, across the states. By watching your barometers and the heavens during the storm period, so you may know with great precision when the storms and changes will arrive at your longitude or locality.

Beware of Ointments for Catarrh that Contains Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co. Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. Review of Reviews.

Social, economic and political topics largely dominate the Review of Reviews for November. The editor, in "The Progress of the World," gives an exhaustive review of the coal strike, while Walter Wellman contributes a graphic account of the settlement of the strike as viewed at Washington, and Frank J. Warne writes of "John Mitchell: the Labor Leader and the Man." Col. Carroll D. Wright, of President Roosevelt's arbitration commission, is the subject of a character sketch by H. T. Newcomb. Charles A. Conant writes on "The Growth of Trust Companies:" Prof. J. W. Jenks on "Self-Government in Oriental Dependencies:" and Arthur Wallace Dunn on "Government in the Philippines, 1898-1902."

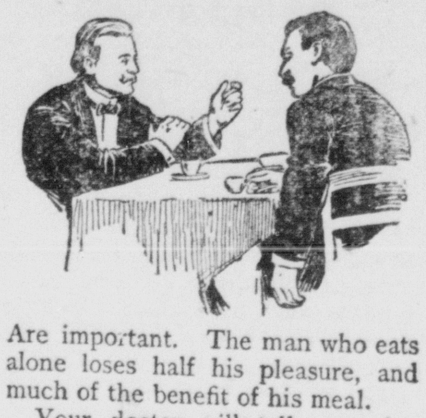
Table Companions



Are important. The man who eats alone loses half his pleasure, and much of the benefit of his meal.

Your doctor will tell you that pleasant companionship is almost as essential as food.

We cannot always have with us our most congenial friends, but there is one table companion we need never be without.

We mean a cup of good tea. A good pure tea is synonymous with Chase & Sanborn's package teas.

These teas, because they are pure, are a real help to every one.

Tea is a healthful tonic when it is pure. Tea to be beneficial must have quality; low grade teas do not possess to any degree the tonic effect.

Because Chase & Sanborn's teas are sold only in half-pound and pound air tight, leaded forms, one may be sure they are fresh and of full strength.

The name of Chase & Sanborn on the package is sufficient guarantee that the leaf is the best that can be selected.

The Kohinoor, Orloff and Orange Pekoe are special brands, adopted to meet the requirements of individual tastes. They make an irresistible trio.

One pound makes over 200 cups.

Chase & Sanborn's Teas.

Can be had only at the Model Grocer.

Voting Places.

DON'T DELAY.

DELAYS ARE DANGEROUS.

Delays are dangerous. Particularly at this season of the year. A fresh cold is indicated by a sneeze, then a cough, then pneumonia. then a doctor. To avoid all of these ills, put yourself in proper shape to meet all kinds of weather. Proper underclothing is the proper thing at this particular time.

HOW ABOUT YOUR UNDERWEAR?

We meet the demand by putting prices on our underwear that are within the reach of the poorest purse. Such prices as

50c $1.00 and $2.00

for a good warm suit of winter underwear would not keep you away from this store, would they? If not, come in.

R·I·P·A·N·S

The simplest remedy for indigestion, constipation, biliousness and the many ailments arising from a disordered stomach, liver or bowels is Ripans Tabules. They have accomplished wonders, and their timely aid removes the necessity of calling a physician for many little ills that beset mankind. They go straight to the seat of the trouble, relieve the distress, cleanse and cure the affected parts, and give the system a general toning up. The Five Cent packet is enough for an ordinary occasion. The family bottle, 60 cents, contains a supply for a year. All druggists sell them

Mrs. Henry Moritz, of Lynn street says: "Doan's Kidney Pills procured at C. W. Milhous drug store, certainly did me much good I suffered from a terrible lame back which clung tight to me, preventing me resting at nights and the kidneys secretions were irregular. I also suffered from depressing headache which ascended the back of my neck. From my experience with Doan's Kidney Pills I can heartily recommend them."

For sale by all dealers. Price 50 cents. Foster & Milburn Co Buffalo N. Y, sole agents for the United States. Remember the name Doan's and take no other.

A Typical South African Store.

O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railroad station and about twenty-five miles from the nearest town. Mr. Lawson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by C. W. Milhous.

Stricken with Paralysis.

Henderson Grimett, of this place, was stricken with partial paralysis and completely lost the use of one arm and side. After being treated by an eminent physician for quite a while without relief, my wife recommended Chamberlain's Pain Balm, and after using two bottles of it he is almost entirely cured.—GEO. R. McDONALD, Man, Logan county, W. Va. Several other very remarkable cures of partial paralysis have been effected by the use of this linement. It is most widely known, however, as a cure for rheumatism, sprains and bruises. Sold by C. W. Milhous.

No danger of consumption if you use Foley's Honey and Tar to cure that stubborn cough. All druggists.

Kodol
Digests what you Eat
Dyspepsia Cure

The medical profession is one of the most conservative in the world. It is well that it should be so. We want no experimenting with our lives or health. The physician is naturally and justifiably careful to prescribe no remedy until well satisfied of its merits. So it is no small testimonial to the worth of Kodol Dyspepsia Cure that it is coming into general use among physicians of all classes. They appreciate even more readily than the layman that it gives weak stomachs just the rest they need and are prescribing it freely with wonderfully successful results. No dieting is necessary. Eat all you want. While you are strengthening the body with wholesome food Kodol Dyspepsia Cure is restoring the stomach to perfect health by relieving it of its work. Don't be satisfied with merely temporary relief when this remedy offers a complete cure. "I have used in my practice quite a lot of Kodol Dyspepsia Cure with no failures but relief in almost all cases," writes Dr. W. L. Wallace of Kingstree, S. C. "After an active practice of forty-five years this is the first time I have ever had occasion to publicly advise all dyspeptics that they have a certain remedy in Kodol Dyspepsia Cure."

THE

Toledo Blade,

Toledo, Ohio.

New Presses, New Stereotype Plant New and Modern Appliances in Every Department. Enlagement of Building to Four Times Its Present Size.

Before the close of 1902 the Toledo Blade will be installed in its new building, with a modern plant and equipment with facilities equal to any publication between New York and Chicago. It is the only Weekly newspaper edited expressly for every state and territory. The News of the World so arranged that busy people can more easily comprehend, than by reading the cumbersome columns of dailies. All current topics made plain in each issue by special editorial matter, written from inception down to date. The only paper published especially for people who do or do not read daily newspapers, and yet thirst for plain facts. That this kind of a newspaper is popular, is proven by the fact that the Weekly Blade now has over 175,000 yearly subscribers, and is circulated in all parts of the U. S. In addition to the news, the Blade publishes short and serial stories, and many departments of matter suited to every member of the family. Only one dollar a year.
